NORRISTOWN FIRE POLICE.

NORRISTOWN, PENNA.

June 7, 1927

Gentlemen:-

The Norristown Fire Police have been frequently urged to initiate a movement to form a Montgomery County Fire Police Association for the purpose of mutual benefit along Fire Police lines, to have concerted action at fires to try to better the conditions under which Fire Police must work while on duty at fires, to get together socially, and take up the various matters pertaining to Fire Police work in a straightforward businesslike manner, always to the end that the work of the Fire Police will be efficient and become a help to the various Fire Companies and to the public at large.

We, therefore, the members of the Norristown Fire Police issue an invitation to the Fire Police of your company to meet in Norristown at the Fairmount Fire House, Main and Astor Sts., at 7:30 P.M. Saturday July 9th and proceed in a body to the Armory of the 28th Tank Co., Bridgeport, Pa. If your company does not have a Fire Police force, we would suggest that you send a representative of your company to get the information.

Kindly notify the Chairman of the undersigned committee if a representative of your Fire Police or your Fire Company will attend this meeting.

Very truly yours,

William Himelrecht
George Grisdale
