To All Montgomery County Fire Police

RE: RSAN

The Montgomery County Volunteer Fire Police Association has been Granted use of the County RSAN Program. This program allows the Fire Police Association to TEXT and E-Mail messages to your computer and/or cell phone. This service is just another tool to allow better communications around the county for information on Fire Police details and all other non-emergency support.

Please note that you can choose one or both ways to receive these communications. Check with your cell phone provider for text charges. If interested, please provide me with the following information.

E-mail address

Cell phone number

Cell phone carrier

Please call me or E-mail me with your information at:
Firepolicecommissioner@verizon.net or call me at:
484-576-6934 168*182485*1

Thanks for all of your support,
